

MAINTENANCE SAVINGS PLAN HEAT PUMP / GAS HOT AIR FURNACE & A/C

IMPORTANCE OF MAINTENANCE

Just like a car requires maintenance to keep it up and running, so does your HVAC system. Regular maintenance is essential to keep your air conditioner running smooth & efficiently. It also helps extend the life of your equipment & can even catch potential problems before they become expensive headaches.

HOW IT WORKS?

Our **Maintenance Savings Plan** is yearly and contains 2 tune up & cleanings (1 for fall and 1 for spring - Excludes Express Plan). Customers who join our Maintenance Plan enjoy all the great benefits listed below as well as save money! You will also receive a text or email reminder when it's time to schedule your next tune up. We'll make keeping track of your system's maintenance easy to ensure your system is running at its best!

EXPRESS

1 Basic system evaluation, performance & safety testing

PLUS

2 Standard system cleanings, performance & safety testing

GOLD

2 Extensive cleanings, safety testing, & enhanced performance testing for airflow

MAINTENANCE PLAN BENEFITS:

- **UP TO 15% DISCOUNT ON SERVICE, PARTS & REPAIRS**
- **UP TO 2 FREE SERVICE CALLS**
- Good until exp. date. Does not apply if refusal to do recommended repairs results in an emergency call.
- **NO OVERTIME**
- **PRIOTIY SCHEDULING**
- **EXTENDED EQUIPMENT LIFE**
- **IMPROVED EQUIPMENT SAFETY**
- **IMPROVED EFFICIENCY**
- **LOWER UTILITY BILLS**
- **INFLATION PROTECTION**
- **PLAN ALWAYS TRANSFERABLE**
